EduAnant

LIVE IN A PATNA SCHOOL SINCE APRIL 2026

M/S SNAPX TECHNOLOGIES LLP · Release 1.5.4

Your school's whole office, in one system.

Admissions, fees, attendance, exams, library, transport, HR and the front desk — with a teacher portal, a parent portal and an Android app. EduAnant installs on a computer inside your school and runs over your own Wi-Fi, so the fee counter keeps working when the broadband line does not. Your records never leave your campus.

आपके स्कूल का पूरा दफ़्तर, एक सिस्टम में। इंटरनेट बंद हो, तब भी काम चालू।

16
MODULES — ALL INCLUDED

100+
PRODUCTION SCREENS

2 + App
PORTALS + ANDROID APP

9
RELEASES SINCE APRIL 2026

EVERY MODULE INCLUDED — THERE IS NO TIER TO UPGRADE TO

Classes, subjects, timetable, and the school year

Communication & Notifications
Reaches the parent's phone, not the bottom of a school bag

Classroom & Teaching
The teacher's whole day, in one portal

Reports & Analytics
Data that helps you make better decisions

Portals & Mobile App
Two portals on the web, and an app on every phone

Security & Access Control
Enterprise-grade access control — every action recorded

Backup & Restore
Your data, safe — automatically, every day

System Configuration & Updates
Configurable without a support ticket, updated in one click

SOUND FAMILIAR?

“Fee disputes at the counter.”

A parent arrives with an old receipt insisting last quarter was paid. The clerk works through a physical ledger while a queue builds behind them.

With EduAnant: search the student's name and the full history — dues, advance adjustments, split cash and UPI entries — is on screen in seconds. Reprint a branded PDF receipt on the spot.

“Chasing the same parents every month.”

Someone has to telephone families about overdue fees, and nobody has time, so the dues list grows quietly until the term ends.

With EduAnant: five reminders go to the parent's phone around every due date — three days before, the day before, on the day, the day after, and a week later. Nobody at school lifts a finger.

“Results take a fortnight to reach parents.”

Marks are totalled by hand, grades worked out on a calculator, report cards typed, printed and sent home in school bags.

With EduAnant: teachers enter marks on a phone; grades, GPA and class rank calculate themselves. Parents see the result — and whether it improved on the last exam — the moment it is published.

YOUR FIRST YEAR, ALL IN

ROLL	LIST, INCL. GST	FOUNDING 10
200	₹1,13,280	₹56,640
400	₹2,03,904	₹1,01,952
600	₹2,71,872	₹1,35,936
900	₹3,56,832	₹1,78,416
1,200	₹4,07,808	₹2,03,904

Billed annually, 18% GST included. Paying monthly instead costs 20% more. No annual minimum and no setup fee.

Founding 10 schools

We are looking for 10 schools to build the next year of this product with. You get **50% off year one, with renewal rates locked for life**, and a direct line to the person who writes the software. In return we ask for a reference call, a line we can quote after two months, and your school's name on our website.

- 50% off year one
- Renewal locked for life
- Direct engineer access

Included for every school: all 16 modules with no tier to upgrade to · teacher and parent portals · the Android app · unlimited staff accounts · migration from your Excel sheets · on-site training · every future update. **Optional:** we host it for you, ₹18,000 a year (₹21,240 incl. GST).

HOW WE GET YOU LIVE

1. **Site survey & install**
   We check your computer, power backup and Wi-Fi reach at the fee counter, then install and configure your board, session and class structure.
2. **Your Excel sheets, migrated and reconciled**
   Students, staff, fee heads and opening balances imported and checked against your own registers — including a drive to verify every parent's phone number.
3. **Role setup & staff training**
   Permissions tailored per role — principal, accountant, class teacher, front desk — then each team trained on their own screens, in Hindi or English.
4. **Go live at the start of the session**
   We stay beside you through your first fee cycle — the moment that matters most.

Book a walkthrough at your school

We bring a laptop, load your own class structure into it, and show you the exact screens your staff would use. No obligation.
